Skills

Full Stack:

- HTML,CSS,Javascript
- React Js,Node Js,MongoDB,React Native

Programming Languages:

- Java
- C
- C++

Projects

Cinemax
Role: Front end Developer
Problem Statement

BookMyShow is an online ticketing platform for movies, events, and sports. It allows users to browse and book tickets, choose seats, and make payments securely. The project involves developing a user-friendly interface, integrating payment gateways, and implementing features like real-time seat selection and notifications for a seamless ticket booking experience.

Tecnologies used:

- HTML
- CSS
- JAVASCRIPT

Ellite Events
Role: Front end Developer
Problem Statement

Developed a dynamic event booking system that enables users to browse, book, and manage reservations for function halls, wedding venues, birthday parties, and corporate events. Implemented a responsive user interface, real-time availability checking, secure payment integration, and automated booking confirmations to enhance user experience.

Tecnologies used:

- HTML,CSS
- React Js
- Node Js
- MongoDB

Internships

Summer Internship
Technical Hub

- Full Stack Development with React Native Intern(Transcript)
- June 2024 - August 2024
- Successfully completed a two-month internship focused on Full Stack Development with React Native
- Gained hands-on experience in developing and deploying full stack applications.

Education

Aditya Engineering College, Surampalem   2023-2026

- AIML in Computer Science
- CGPA:8.19

Kiet Engineering College,Korangi   2020-2023

- Computer Science Engineering
- Academic Percentage:74

Acheivements

- CCNAv7: Introduction to Networks course completion certificate from Cisco Networking Academy
- Java course completion certificate from Infosys Springboard
- Hardware and Networking,MCSE,CCNA
- Hacker rank Java Programming
